STEVEN ARENA, :

 Defendant. :
-----X

VICTOR MARRERO, United States District Judge.

The Court sentenced defendant to 366 days' imprisonment followed by 3 years' supervised release. (See Dkt. Minute Entry dated 11/15/2019.) At sentencing, defense counsel requested that the defendant's bail condition related to location monitoring be lifted until the date of surrender (the "Motion"). The Court asked Pretrial Services for its view on the matter.

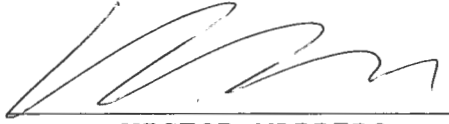

Having received Pretrial Services' recommendation that the defendant's home incarceration condition could safely be replaced with a curfew enforced by location monitoring (see attached letter dated November 19, 2019 from Jonathan Lettieri), it is hereby

ORDERED that the defendant's Motion is **GRANTED** subject to the conditions proposed by Pretrial Services. Defendant's bail condition of home incarceration is removed. Defendant shall be subject to a curfew enforced by location monitoring,

with the hours to be set at the discretion of Pretrial
Services.

SO ORDERED.

MEMORANDUM

This memorandum is being submitted in response to the Court's request for Pretrial Services to provide a position on defense counsel's petition at the sentencing hearing to remove the condition of location monitoring. Upon review, Pretrial Services consents to modifying bail to remove the condition of home incarceration and in its place impose a curfew, to be enforced by location monitoring, with the hours to be set at the discretion of Pretrial Services. The defendant has displayed a long-standing pattern of compliance with the Location Monitoring Program as well as all other conditions of release, including frequent leave for various medical and legal appointments for which he has provided documented proof. It is believed this lesser restrictive condition can still reasonably ensure the defendant's voluntary surrender and the safety of the community.

Respectfully submitted,

Scott Kowal
Chief U.S. Pretrial Services Officer
